THE DAY'S DOINGS.

AFTERNOON.

Fort St. Vestry: Young Ladies' Bible-Class, 3 o'clock.

EVENING.

Am. Legion of Honor, 7:30.

The Reception on the Alaska.

Yesterday afternoon on board the Alaska an informal reception was held by the Captain and officers from 1 to 5 o'clock. Although styled informal yet every indication was given of careful preparation both on the part of hosts and guests. The whole of the aft of the ship was decorated with flags and green ferns and boughs interspersed with flowers. Flags of all nations formed the awning.

On the arrival of His Majesty the Royal Hawaiian flag floated proudly out from the masthead, and a royal salute was fired and the yards manned. The same was done at his departure. The deck made a beautiful dancing floor, and the guests soon were seen whirling in the mazy intricacies of the dance. Sweet music was discoursed by the Band, and fairy feet flew round "In soft Lydian measure."

The wardroom was amply supplied with refreshments of the most tempting kind. Over 400 invitations were sent out and more than 300 persons were on board by half-past 3 o'clock. Amongst the guests present were His Majesty and suite, Mr. Daggett, Mr. Wodehouse, Mr. Feer, and the diplomatic corps, the Premier, and most of the elite of the city. We congratulate Capt. Belknap and his officers on having given the most enjoyable affair of the season.

The Wreck of the Niagra.

The British ship Niagra, Capt. Good, of 1,360 tons burthen, went ashore on the middle-ground yesterday, at 12.45 p.m. She left San Francisco for Liverpool on Sept. 16th, with a cargo of wheat having been chartered by Wm. Dresbach of San Francisco. On the 27th she encountered a cyclone in long. 119.30 W. and 17 N., and started a leak. 2,000 sacks of grain were jettisoned and she bore away for this port.

The cause of the accident is stated variously, as the parting of the lashing of the tow-line on the Pele and its lack of power to tow her to windward after that, and also it is stated that the hawser was not properly fastened on the ship, and that it slipped off the fastenings.

The ship's agents are Dickson, De Wolf & Co., of San Francisco.

At present she is in a dangerous position, as she is on the rock on the lee side of the channel, and the wind is blowing her further on every moment. At the time of striking we are told she had 18 inches of water in the hold.

Several coasting schooners went out last evening to render assistance.

About 3,000 bags of wheat in good order were saved up to this morning. Eight feet of water in the hold. Assistance has been rendered by the U. S. S. Alaska, Pohoiki, Kalua and Kapiolani.

THERE has been a considerable fire on the hills above Makiki the last two nights. It puts old colonials in mind of the frequent bush fires in Australia. It commenced in Manoa Valley on Tuesday afternoon, and spread rapidly up the hillside into Makiki Valley, and is now very near the flume of the water works. It is estimated about several hundred acres have burnt. It is to be hoped that the beautiful scenery of Manoa Valley has been spared.

The entrance to the Government building was quite safe yesterday.

CAPT. MARCHANT is getting his shop painted and renovated. Another reason for patronizing him.

SOME very ornamental brass bird-cages have been received at Dillingham's, and are now on view.

THE smoke from the fire out Makiki way was a perfect nuisance yesterday in town.

THE meetings of the Planter's Labor and Supply Company will be held in the Armory at 3 o'clock.

MANY people were gazing at the star visible at 4 o'clock on Tuesday afternoon.

MR. A. KERR put up a very elegant and comical sign on King street yesterday.

WHAT *haole* was it that sat up one hour watching his neighbor's flag pole and mistaking it for the comet?

THE Kale leaves this morning for San Francisco. The mail by her closes at 9 o'clock. All letters marked will be forwarded by her.

Kohlers Wax works will be closed to-night and to-morrow night—and re-open on Saturday afternoon matinee.

YESTERDAY morning the fastest time over the racing course was made by the Government House boat's crew, 18½ minutes.

WE heard yesterday that there was a small schooner on shore at Koolau, but have been unable to find out any particulars.

THE Interior Department yesterday received a new safe—one of MacNeale and Urban's. It is like others in this town both ornamental and useful.

THE Government have sent for six new lamp-posts from San Francisco. They will be here on the Suez most probably.

THE foot-path on Richard street next the Hotel is having a wooden curbing affixed to it, and the whole thing is beginning to look a model to the other streets.

A HAWAIIAN Blue Ribbon League was formed on Saturday night last. It is a temperance organization, and the insignia, a little badge of blue ribbon, is worn constantly at the button hole.

THE *P. C. A.*, in its editorial of yesterday, gives credit to the wrong man for *devising* and *moulding* the new liquor law, as, if we are rightly informed, he was opposed to that particular section of the measure which the *P. C. A.* refers to as having worked so successfully.

Auction Sales by E. P. Adams

Mortgagee's Notice of Foreclosure and Sale! POSTPONED TO

SATURDAY, OCT. 14TH,
At 12 o'clock noon.

In accordance with a Power of Sale contained in a certain mortgage made by M. Correia to Castle & Cooke, dated the 2nd day of March, 1882, duly recorded. Notice is hereby given that said mortgagees intend to foreclose said mortgage, for condition broken, and upon said foreclosure will sell at public auction at the sales room of E. P. Adams in Honolulu, on Monday, the 9th day of October, 1882, at 12 noon of said day, the premises described in said mortgage as below specified.

Further particulars can be had of W. R. Castle, Attorney-at-Law.

CATTLE & COOKE, Mortgagees.
Premises to be sold consist of all of said Correia's leasehold interest in that land known as the Long Premises in Manoa Valley, as conveyed by lease of F. A. Schaefer to said Correia and Manuel De Silva, 15th April, 1881, for 10 years at \$850 per annum; rent paid to October 15th, 1882.

There are about 45 acres of land in above premises, of which about 13 acres are leased to Chinamen at \$450 per annum; in the remaining portion are a large number of banana plants, several taro patches, and one piece of land of about 21 acres. There are

FIVE GOOD HOUSES

upon the property. The interest of Manuel de Silva will be offered at the same time.

E. P. ADAMS, Auctioneer.

STABBING affray yesterday. South Sea Islander stabbed a woman of his own race.

J. T. WATERHOUSE's store on Queen street appeared to be closed yesterday morning, as the shutter was down. It was simply an accident to the machinery for moving the shutter, and it was speedily repaired.

ON Sunday afternoon, about 4 o'clock, as the policemen were sitting outside the Station, a spent ball from a parlor rifle hit one of them on the knee and rebounded on to the other's boots. Who has been attempting the lives of our gallant defenders, eh?

WE hear that Mr. Geo. Lucas has brought down a specimen of the fire plugs in use at San Francisco, and a list of the prices at which they can be obtained. Anyone can see at a glance their superiority for all practical purposes over the present style in use here. We commend this to the notice of the Fire Department.

ALMOST nightly certain offices in Kaahumanu street are left open. Yet if those places are ever broken into and robbed, the police will be blamed for not preventing it. Owners and occupiers of buildings should be very careful to fasten them up every night, as otherwise if a robbery occurs no one will be to blame but themselves.

ON Tuesday afternoon, between the hours of 1 and 2, a native man went to the residence of Mr. John Cummins on Beretania street, during his absence, and told the old native in charge that he had been sent for Mr. Cummins's rifles. Having obtained them he went away and hasn't been seen since. One of the rifles was a brass bound Henry rifle, and the other was a nickle-plated Winchester. Mr. Cummins offers a reward of \$20 for the detection of the thief and the recovery of the property. Some prisoners who were working near by, state that they can identify the offender if he is found.

ON Tuesday evening on King street towards Waikiki, Mr. and Mrs. Burgess were in their waggon when the horses ran away and capsize the vehicle.
